Waiver -  
KOLL

Version 11/2018

## Waiver request for the knowledge of language and life in the UK requirement: medical opinion

The Home Office will use the personal information you provide to consider your application. We may also share your information with other public and private sector organisations in the UK and overseas. For more detail please see the Privacy Notice for the Border, Immigration and Citizenship system at: [www.gov.uk/government/publications/personal-information-use-in-borders-immigration-and-citizenship](http://www.gov.uk/government/publications/personal-information-use-in-borders-immigration-and-citizenship). This also sets out your rights under the Data Protection Act 2018 and explains how you can access your personal information and complain if you have concerns about how we are using it.

This form is to support a request for waiver from the knowledge of language and life in the UK requirement, for a person applying for settlement in the United Kingdom or naturalisation as a British citizen. It must be completed by a General Medical Council registered medical practitioner who is able to comment on the individual's condition.

Applicant's name

Date of birth

In your professional opinion please state:

1. What is the nature of the person's condition?

2. How does their condition impact on their daily life?

3. How would this condition prevent them from learning English? There are a number of ways to learn English, including classes and home study. The language requirement for citizenship and settlement is only for speaking and listening skills - not reading and writing.

4. How would this condition prevent them from studying for the knowledge of life in the UK test? The study materials are available in a number of formats, including audio.

5. How would this condition prevent them from sitting the knowledge of life in the UK test or taking an English test? The knowledge of language and life in the UK test can be taken in audio form, and that test centres can cater for a range of disabilities. It is computer-based and comprises 24 questions with multiple choice answers. Candidates are allowed 45 minutes and the pass mark is 18 correct answers.

6. In your opinion is this condition likely to improve sufficiently for them to be able to study and take the required tests? If so, is this likely to do so within the next 2 years?

7. In what capacity have you dealt with this person? For example, as GP, consultant, other medical professional

8. Have you worked professionally with this person other than for the purposes of this report, and over what period?

9. Please state your profession/qualifications and any registration number:
